

# The Desert Times

By Students. For Creation Families.

Extra! Extra! Read ALL about it!

Edition 3: September 2024

Just the Facts!

## Fun and Amazing PE By Luke G.

Get ready for some fun activities this school year!

Coach Stephanie is one of the best Pe coaches we have had. If you were a student at Creation School, you would get to experience her as your teacher.

This school year she will be teaching us football, soccer and hockey skills, Coach Stephanie will be teaching us how to be a good sport while playing.

In conclusion, Coach Stephanie is very kind to all kids, and you would enjoy her as your PE teacher.

## Building with Lego by CJ

You can get really creative with Lego.

With Lego you can just about build anything; from cars, boats, planes or even a plane boat. When building with Lego there is one thing to keep in mind, you do not have to follow the directions. You can build freely, straight out of your mind.

There are lots and lots of bricks, and lots and lots of possibilities. So you can build anything big or small.

## God's Word Through Kids: Jesus Loves Everyone! by Emily G.

Jesus died on the cross for US on the hill of Golgotha about 2,000 years ago.

Jesus is the son of God and God created everything. That is why Creation School is called Creation School.....neat, huh?

Jesus died for our sin to save people and Jesus knew that he would die. He was okay because he wanted to save us! That is why some people LOVE JESUS!

In summary, Jesus will always be in our heart!

## What it is Like to Have 7 Siblings! by Cally Vickery

Have you wondered what it is like to have a lot of siblings? Well I have 7 siblings, 3 brothers and 4 sisters. That means I am one of eight!

Right now in my house we have 4 kids. It is so annoying to have 7 siblings. I am the youngest. It's also fun having a lot of siblings

## Earning the Bronze Award with Girl Scouts: by Ally M.

Troop 1379 is working on their Girl Scout Bronze Award with a smile! What is a Bronze Award? A Girl Scout Bronze Award is the highest award a Girl Scout Junior can earn. Troop 1379's Junior Scouts will have to each spend 20 hours to study about the project that will have to last for a short time. Troop 1379 will be working on bat houses in Sycamore Park. The project will have to be done before October in order for the Juniors to get their Bronze Award.

## Friends - Forever by Anna G.

Some friends can be new friends, some friends can be old friends. The best thing about friends is once a friend, always a friend. Friends share, play games and make fairy gardens.

The best thing is they make each other laugh. When a friend is sad their friends help them. BFF Rules!

## New Book Series Really Brings a POW! By Riley D.

The Wings of Fire graphic novel is bringing lots of joy to Mr. Buy's classroom. The wonderful book series has been generously donated by the DeGrave family, along with many other books. Guess what, there are even more coming! The Wings of Fire book series is about small dragonets trying to stop a war!

Me and 5 other of my siblings are adopted. My sibling Reagan and I went into foster care at the same time.

This is what it is like to have a large family with many siblings.

## Questions for Abraham the Gecko and Casey the Coati

From Wesley (K) For Casey: Do you live in the woods?

Casey: I currently live with my family in the Catalina State Park- I have other family members living near Patagonia Lake and Oracle State Park. Thanks for asking!

From: Luke (5th): Abraham can you play football or arm wrestle?

Abe: My only sport is currently chasing crickets!

From Anonymous: (3rd): Abe how often do you get fed?

Abe: I get fed usually 1 time a day by Mrs. Gigi

## UPCOMING DATES:

½ days: September 19th and 20th

Fall Break: Sept 23rd to Oct 4th

Trunk or Treat: Saturday, October 26th

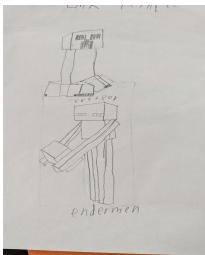

---

## All about Minecraft! By Link T.

Minecraft is a game of survival, skill and building. You can find lots of mobs. Mobs mean lots of people, but in Minecraft that are animals or monsters.

For example Enderman is a thing in Minecraft. They can teleport, but don't look them in the eye or they will attack you. Fun fact: if you stare at them in the eye they will freeze. Another part of the mob are Creepers. They are green monsters with four legs, no arms and can explode if you are near them. Not a lot of people know they can climb ladders!

In Minecraft I like to build , but my sister can build way better than me. I mainly like to play Minecraft with my friends all around the world.

## Diaper Drive to Help People: by Ava M.

There are many people out there that do not always have money for diapers. Sometimes it is for babies and sometimes for adults. When they do not have much money, and they are saving for other things they need to rely on donations. So school's have a donation drive so they can help other people. It is for babies, or maybe themselves. Diapers are important and should be donated.

\*\*To date we have 1,010 diapers donated and money to purchase more diapers\*\*

## Awesome Paralympics Games by John S.

People with disabilities are making their mark this year at the Paralympics. We all know about the Olympics from Luz's past article But a quick review, first the Olympics are sports that people compete in. There are many sporting activities from swimming to track and field.

The Paralympics have all the same sports, however modified for the competitors with disabilities. They are just as strong and can win! Most people did not realize they were going on, but it is important for the world to know. All of these people have things that make it harder, but they do not give up!

## Pet Corner: How to Care for a Lizard by Abby K.

Lizards are so cute! But you need to take care of them!

First you need to clean their cage when their cage gets dirty. They also need a hot pad since they are cold blooded. Some lizards like wooden tubes or logs. They will also need water and water nutrient drops to stay healthy.

What they love to eat is BUGS!! Leopard geckos want moving insects like mealworms and crickets! Bearded dragons like those too, but they also like roaches and vegetation. Crested Geckos eat fruit and flowers.

I recommend you get one, they are low maintenance and fun to take care of.

### Editorial Note:

These articles are written by the 4th, 5th and 6th grade students. Some articles do not always make the deadline. Some articles need some improvement in writing and I give the students an opportunity for the next issue. They all understand that not everything always makes it in. The goal is to help them with writing skills, and get them excited about the world around them.
